Virginia Resident Develops Invention

John W. Thaxton, of 1326 Terry Avenue, South Boston, Virginia 24592, has developed a new invention which is now in the process of being introduced to manufacturers.

The invention consists of a circular disc toy which is kept in motion and guided which rolled upon the ground by a rotatable roller with an elongated handle.

Mr. Thaxton now is negotiating for the sale or licensing to interested manufacturers with the assistance and guidance of The Raymond Lee Organization.

The Raymond Lee Organization is a company which specializes in the development and introduction of inventions to industry.

According to founder-president, Raymond Lee, no idea is too small to be considered for development. "Even though we are located on Park Avenue, among the leading companies of the world, our facilities spread across the United States and Canada to assist inventors in areas of creativity," says Mr. Lee. "We believe there are many ideas which could result in profitable new products if their inventors would come forward. Our company is dedicated to the discovery of these ideas and their commercial development."

A brochure, "How to Develop, Safeguard, and Market Your Invention," may be obtained free of charge by writing to The Raymond Lee Organization, 230 Park Avenue, New York, N. Y. 10017.

SPRING FOOD REVIEW

Meat prices seem to be holding in a steady pattern with a few noticeable declines. Many stores lowered the prices on chuck. As usual the cheaper meat cuts bear the brunt of price increases so they are the last to come back down of 80 cents per lb.

Again this week pork prices have come down with many excellent weekend features being advertised. One item in this category to watch is bacon. A favorite breakfast food everywhere, bacon can now be included on shopping lists due to the lower price tag it carries.

Poultry prices remained relatively stable also, but watch out for features!! Chicken is again being sold at 39 cents a lb. on special while turkeys are down to the sale price of 49-59 cents a lb., due to the plentiful supply.

Dairy items showed a steady pattern also with slight drops in eggs and again features are promoting good buys for eggs lovers.

On the vegetable scene salad fixins including lettuce, tomatoes and carrots all remained relatively level in price. Asparagus, cauliflower, green beans and kale offer excellent prices this week.

Best buys in the fruit category include oranges, grapefruit, bananas and red delicious apples. All are being promoted for weekend features. Several new items on fruit counters are ugli fruit, 49c each and Jaffa oranges from Israel.
